

The Honey Pot Children's Charity Impact Report 2024-25

The Honeypot Children's Charity

**Honeypot is the national young carers charity,
supporting children aged 5-12 years old**

Since 1996, we have been working to enhance the lives of young carers, giving them an opportunity to create happy childhood memories and build brighter futures.

Young carers shoulder huge responsibilities, stepping into surrogate adult roles to look after loved ones who cannot cope without their support. This causes a heavy mental and physical burden that places their wellbeing at significant risk, and leads unfairly to educational challenges.

We support young carers with an early intervention programme designed to alleviate social isolation, reduce stress and anxiety, build confidence, and reverse educational underachievement.

Our programme of wrap-round support includes:

- ▶ Respite breaks
- ▶ SEAL learning breaks
- ▶ Memory making days
- ▶ Digital outreach
- ▶ Wellbeing grants
- ▶ Pastoral services
- ▶ Healthy diet and nutrition advice

We are the only UK charity to provide this consistent, tailored level of support for young carers in the 5-12 age range.

Feedback from Honeypot young carers tells us that:

82%

lack confidence
and
self-esteem

56%

suffer from
chronic
loneliness

45%

report
excessive
tiredness

30%

struggle to
concentrate
at school

27%

are bullied
by their
peers

Our Impact in 2024-25

Over the past year Honeypot has achieved remarkable success in pursuit of our strategic objectives. We continued our commitment to deliver a package of holistic wrap-round services to meet the complex needs of young carers and vulnerable children. Our multi-service model delivered greater positive benefits than any single or limited range of services could. We are extremely grateful to each and every one of our supporters for making this work possible.
